Overview

Basic Skills programming, referred to as Adult Education (AE) and English Language Learning (ELL), is primarily designed for out-of-school youth and adult learners. Many basic skills students want to improve their lives and earning capabilities, so they take a first, or next, step toward improving basic language and/or academic skills. AE also serves as a resource for high school age students in need of an alternative educational setting for completing a high school credential. Basic skills students represent a population for Fox Valley Technical College (FVTC) with the potential to transition to FVTC programs. All basic skills classes have little or no cost to students.

What We Do

AE supports the College and community by providing basic literacy skills, preparation for post-secondary academics, and high school completion options. ELL supports those seeking to learn English to enhance their lives, prepare for programs, and improve English skills for current employment or professional advancement.

Focus on our Students

	ELL (English Language Learning) Provides skill development in six levels of linguistic proficiency
	Incarcerated Provides programming to incarcerated individuals
	Enrichment Provides opportunities for self-improvement in academic areas
Helping Adults with Post-Secondary Preparation	
	Transition Services Provides opportunities to transition into Pathway Certificate, Technical Diploma, Associate Degree, and Apprenticeship programs (participant count is the number of new program students each year who transitioned from Basic Skills)

At What Cost

Instructional costs for AE/ELL students are funded through contracting, grants, and district funds. Contract funds reflect alternative high school offerings. Grant funds can support AE and ELL offerings based on the requirements of associated WTCS grants. As some grants require the district to provide a percentage of funds to support projects, district funds support a grant “cash match” as well as non-grant funded instructional costs.
