

ADMINISTRATIVE POLICY
STUDENT CONDUCT – GENERAL AND ACADEMIC

This policy pertains to employees and students.

Fox Valley Technical College believes in creating and maintaining a learning environment that aligns with the College's values. The College is committed to the academic and personal development of all students and requires the behavior of all students to be compatible with the mission and values of the College. Students are required to conduct themselves in an appropriate manner at all times while attending all College sponsored activities, both on or off any district campus consistent with College policies and procedures and federal, state, and local laws.

Students should be aware that there are different policies and procedures that guide different types of misconduct. This policy sets forth general conduct expectations for behavior and academic situations and directs students and staff to the *Student Code of Conduct - General* and the *Student Code of Conduct - Academic* for specific procedures. Excluded from the policies and procedures referenced in this document are issues related to sexual misconduct (see [Sex-Based Harassment and Nondiscrimination Policy and Procedures](#)).

The president or designee shall administer the Student Codes of Conduct and make changes as necessary to ensure orderliness of process and compliance with applicable laws. Copies of the Student Codes of Conduct are available online at <https://www.fvtc.edu/about-us/policies/all-college-policies> and by request in the Office of Student Conduct on the Appleton Campus in Room E121.
