

Policy Title: **PRE-EMPLOYMENT BACKGROUND CHECK**

Fox Valley Technical College has a long-standing commitment to maintaining student and employee safety and health. Accordingly, the College has adopted this pre-employment background check policy.

Human Resources will conduct pre-employment background checks for final candidates for all regular, adjunct casual, and associate positions. Pre-employment financial background checks may be conducted for final candidates for all positions in the Executive Team and other key administrator positions in the discretion of the College.

All applicants will be advised that the final candidate(s) for a position must successfully complete a background check as a condition of being employed at FVTC. All final candidate(s) will be required to complete the required forms prior to the background check. Any final candidate who refuses to complete any of the required forms will be deemed to have withdrawn him/herself from consideration for employment.

Human Resources will review, as may be appropriate, state, county, and federal criminal background information. Convictions or pending criminal charges will not be an absolute bar to employment. A pending criminal charge and/or a conviction will affect an individual's candidacy for employment if there is a substantial relationship between the circumstances of the pending criminal charge or conviction and the circumstances of the particular job or licensed activity. If the results of the background check could serve as a bar to employment, the applicant will be informed of the results of the background check and the adverse employment determination. Except as authorized by the individual in writing or as required by law, information gathered under this policy will be disclosed only to College staff with a business need to know the information.

Human Resources will administer and enforce this policy at all College locations. FVTC will pay the cost of the pre-employment background check requested by the College.
