The Institute of Study Abroad Ireland is based in Donegal, Ireland and provides affordable study abroad experiences for US students. Ireland is a safe, affordable, friendly, beautiful and culturally rich country. This program has been customized to meet the need to prepare FVTC graduates to work in an increasingly global economy.

This 9-day program based in Bundoran, Ireland (county Donegal) gives participants an opportunity to engage with others in professional, academic and cultural settings. Upon arrival to Dublin, you will be immediately transferred by private coach to Bundoran. Along the way a stop at Newgrange, a prehistoric monument built in 3200 BC, will bring you to the earliest days of Irish history. The following days will be spent visiting various businesses, local colleges, as well as visits to nearby sites including the city of Derry in Northern Ireland. The final days will be spent in Dublin, the cosmopolitan capital of the Republic of Ireland. Technology, Innovation, History, Culture, Modernization will be seen during this International Professional Field Study Program to Ireland.

Program Cost: $3,000.00*
Approximate cost includes airfare, 3-credits of FVTC tuition, accommodations, breakfast daily, 3 dinners, group excursions and site visits, public and private transportation in country.

*price subject to change
