Since 2005, Fox Valley Technical College has been involved in an exchange program with the Max-Weber-Schule in Giessen, Germany. The concept of the exchange is to bring students from Germany to FVTC for two weeks during the Fall Semester to show them the academic, professional and cultural components of Appleton, the Fox Valley and Wisconsin. We will be searching for students and/or families to welcome the visitors into their homes for two weeks. If interested please talk to the Faculty Leader or Study Abroad Coordinator.

After the visit from the German students from Giessen, FVTC students will have the opportunity to reciprocate the exchange by visiting Germany for 10-14 days the following Spring semester (dates TBD). FVTC students will then have a chance to live and learn the German language and culture while living with local host families and experiencing cross-cultural exchange in a fun environment.

The visit to Germany is filled with fun and exciting activities, as well as some business in between. FVTCs three-credit International Professional Field Study Courses encompass three main topics: Academic, Professional and Cultural. This is a great opportunity to get an insight into another culture, learn a language, build your global resume, and meet people from around the world.

**Program Cost:**

$2,400*

Approximate cost includes airfare, 3-credits of FVTC tuition, host family stay, most meals, program fees, in-country transportation, some program activities.

*prices subject to change

Visit the Global Education and Services website for a complete application: www.fvtc.edu/global

Financial Aid is available to those who qualify. Bring this flyer to the Financial Aid Office to find out if you are eligible.
