**Associate in Applied Science (AAS)** degree programs help you prepare for or advance in a particular occupation or field. Most AAS degrees require 60-70 credits and consist of technical studies, general studies and electives. Complete your degree in as little as two years or attend part-time to fit your schedule. Some or all credits may be applied toward a bachelor's degree program at a four-year college.

\*\*Shared program

**Technical Diploma (TD)** programs help you prepare for a targeted occupation, typically at the entry level. Credit requirements range from 3-70 credits, and many programs offer full- and part-time options. Some credits may be applied to associate degree programs.
